

Table S1 Electric conductivity values of the manure compost pellets (MCP) and nitrogen-enriched manure compost pellets (N+MCP) in each pH treatment 1 day after the incubation began.

pH treatment	pH 5.3	pH 6.0	pH 7.0	pH 8.0	pH 8.6
	(S m ⁻¹)				
MCP	0.867	0.753	0.607	0.518	0.482
N+MCP	0.915	0.910	0.923	0.916	0.921
