Supplementary table S1: Search Strategy: The different keywords in their columns were combined with 'or,' and then the search string for each column was combined with 'and'. All the keywords were linked to subject headings where appropriate.

POPULATION	PHENOMENA OF INTEREST		CONTEXT
Nervous system disease*	Quality of Life	Community Health*	Specialist neuro rehabilitation/neuro –
Central nervous system disease*	Patient Satisfaction	Community neuro – rehabilitation/	rehabilitation/neurological rehabilitation
Parkinson* Disease	Client satisfaction	neurological rehabilitation/ neurorehabilitation	Health Care/ healthcare
Parkinson* Disorders	Service user satisfaction	/neuro rehabilitation	Health care sector/facilities/ services
Parkinson* Disease, post encephalitic	Consumer satisfaction	Community rehabilitation	Health personnel
Demyelinating auto immune Disease	Health and Well being	Community health cent*	Delivery of Health Care
Demyelinating disease*	Patient/s view*/	Community support	Health service*/facilities
Multiple Sclerosis	experience*/perception*/perspective*/expectation*	Community medicine	Health facilities environment
Multiple Sclerosis, Chronic	Client/s view*/ experience*/perception*/perspective*/expectation*	Community Network*	Information Provision.
Progressive	Service user	Community Health nursing	Preventative health care/ healthcare
Multiple Sclerosis, Relapsing	view*/experience*/perception*/perspective*/expectation*	Community Mental Health	Preventative Health Service*
Remitting	Userview*/experience*/perception*/perspective*/expectation*	Community Pharmacy	Primary Healthcare/ health care
Multiple Sclerosis, secondary	Patient reported outcome*	Community therapy	Patient self determination
progressive	Patient reported experience*	Community Physiotherapy	Health Promotion
Multiple Sclerosis, primary	Health and life quality	Community Occupational Therapy	Health coaching
progressive	Wellness	Community Speech Therapy	Health education
Autoimmune Disease* of the Nervous	Well being	Community therapy	Health information
System	Life satisfaction	Community special service*	Consumer health information
Neurodegenerative disease*	Health and Life Quality	Therapeutic community	Access to health information
Neuromuscular disease*	Life Quality	Outreach service*	Hospital information systems
Brain Injur*	Quality of service*	Outpatient clinic*	Clinical laboratory information
Brain disease*	Quality of care	Home care service*	Drug information services
Chronic Head injur*	Quality indicators, healthcare	Home Health Care/ Home Healthcare	Information dissemination
Head injuries, penetrating	Outcome assessment	Home care agencies	Information cent*
Head injuries, closed	Outcome	Home nursing	Self management program*
Traumatic brain injur*	Impact	Occupational therap*	Managed Care program*
Trauma, nervous system	•	Physiotherap*	Medication therapy management
Acquired Brain Injur*		Psycholog*	Disease management
Craniocerebral trauma		Speech Therap*	Disability management
Cerebral hemorrhage#, traumatic		Mental health	Health services research
Brain stem hemorrhage#		Occupational Health	Counselling
Brain hemorrhage		Nursing Care	Vocational counsellors/support
Dystoni*		Public health nursing	Employment, supported
Dystonic disorders		Rehabilitation	Training support
Movement disorder*		Rehabilitation cent*	Social support/care/services/work*/networks
Long term neurological condition*		Rehabilitation, Nursing	Personal health service*
Progressive neurological condition*		Rehabilitation, Vocational	Patient cent* care
Multiple Sclerosis Patient*		Rehabilitation counsellors	Client cent* care
Parkinson Disease Patient*		Allied health occupation*	Self Care/ selfcare
Dystonia Patient*		Day rehabilitation	Independent living programmes
Patients with Acquired Brain Injur*		Outreach rehabilitation	Non directive therapy
Neurologically Disabled		Home rehabilitation	Community assessment
Neurologic manifestations		Neuropsychological rehabilitation	Outcome assessment
Disabled person		Psychosocial rehab	
		Psychological service*/support	
		Occupational rehabilitation/health services	
		Specialist rehabilitation
