

COREQ (CONsolidated criteria for REporting Qualitative research) Checklist

A checklist of items that should be included in reports of qualitative research. You must report the page number in your manuscript where you consider each of the items listed in this checklist. If you have not included this information, either revise your manuscript accordingly before submitting or note N/A.

Topic	Item No.	Guide Questions/Description	Reported on Page No.
Domain 1: Research team and reflexivity			
<i>Personal characteristics</i>			
Interviewer/facilitator	1	Which author/s conducted the interview or focus group?	Table S4a
Credentials	2	What were the researcher's credentials? E.g. PhD, MD	Table S4a
Occupation	3	What was their occupation at the time of the study?	Table S4a
Gender	4	Was the researcher male or female?	Table S4a
Experience and training	5	What experience or training did the researcher have?	Table S4a
<i>Relationship with participants</i>			
Relationship established	6	Was a relationship established prior to study commencement?	Table S4a
Participant knowledge of the interviewer	7	What did the participants know about the researcher? e.g. personal goals, reasons for doing the research	Table S4a
Interviewer characteristics	8	What characteristics were reported about the interviewer/facilitator? e.g. Bias, assumptions, reasons and interests in the research topic	Table S4a
Domain 2: Study design			
<i>Theoretical framework</i>			
Methodological orientation and Theory	9	What methodological orientation was stated to underpin the study? e.g. grounded theory, discourse analysis, ethnography, phenomenology, content analysis	p5-6
<i>Participant selection</i>			
Sampling	10	How were participants selected? e.g. purposive, convenience, consecutive, snowball	p4, line 20
Method of approach	11	How were participants approached? e.g. face-to-face, telephone, mail, email	p4, line 20
Sample size	12	How many participants were in the study?	p5, line 20
Non-participation	13	How many people refused to participate or dropped out? Reasons?	p5, line 20
<i>Setting</i>			
Setting of data collection	14	Where was the data collected? e.g. home, clinic, workplace	p3, l 20-26
Presence of non-participants	15	Was anyone else present besides the participants and researchers?	p4, line 24
Description of sample	16	What are the important characteristics of the sample? e.g. demographic data, date	p26, table1, S2
<i>Data collection</i>			
Interview guide	17	Were questions, prompts, guides provided by the authors? Was it pilot tested?	p5
Repeat interviews	18	Were repeat interviews carried out? If yes, how many?	no
Audio/visual recording	19	Did the research use audio or visual recording to collect the data?	p5
Field notes	20	Were field notes made during and/or after the interview or focus group?	no
Duration	21	What was the duration of the interviews or focus group?	p4
Data saturation	22	Was data saturation discussed?	p6
Transcripts returned	23	Were transcripts returned to participants for comment and/or	no

Topic	Item No.	Guide Questions/Description	Reported on Page No.
		correction?	
Domain 3: analysis and findings			
<i>Data analysis</i>			
Number of data coders	24	How many data coders coded the data?	p5, line 18
Description of the coding tree	25	Did authors provide a description of the coding tree?	available on demand
Derivation of themes	26	Were themes identified in advance or derived from the data?	p6
Software	27	What software, if applicable, was used to manage the data?	no software
Participant checking	28	Did participants provide feedback on the findings?	no
<i>Reporting</i>			
Quotations presented	29	Were participant quotations presented to illustrate the themes/findings? Was each quotation identified? e.g. participant number	YES
Data and findings consistent	30	Was there consistency between the data presented and the findings?	YES
Clarity of major themes	31	Were major themes clearly presented in the findings?	YES p7-13
Clarity of minor themes	32	Is there a description of diverse cases or discussion of minor themes?	YES p7-13

Developed from: Tong A, Sainsbury P, Craig J. Consolidated criteria for reporting qualitative research (COREQ): a 32-item checklist for interviews and focus groups. *International Journal for Quality in Health Care*. 2007. Volume 19, Number 6: pp. 349 – 357

Once you have completed this checklist, please save a copy and upload it as part of your submission. DO NOT include this checklist as part of the main manuscript document. It must be uploaded as a separate file.
