

SUPPLEMENTAL DATA

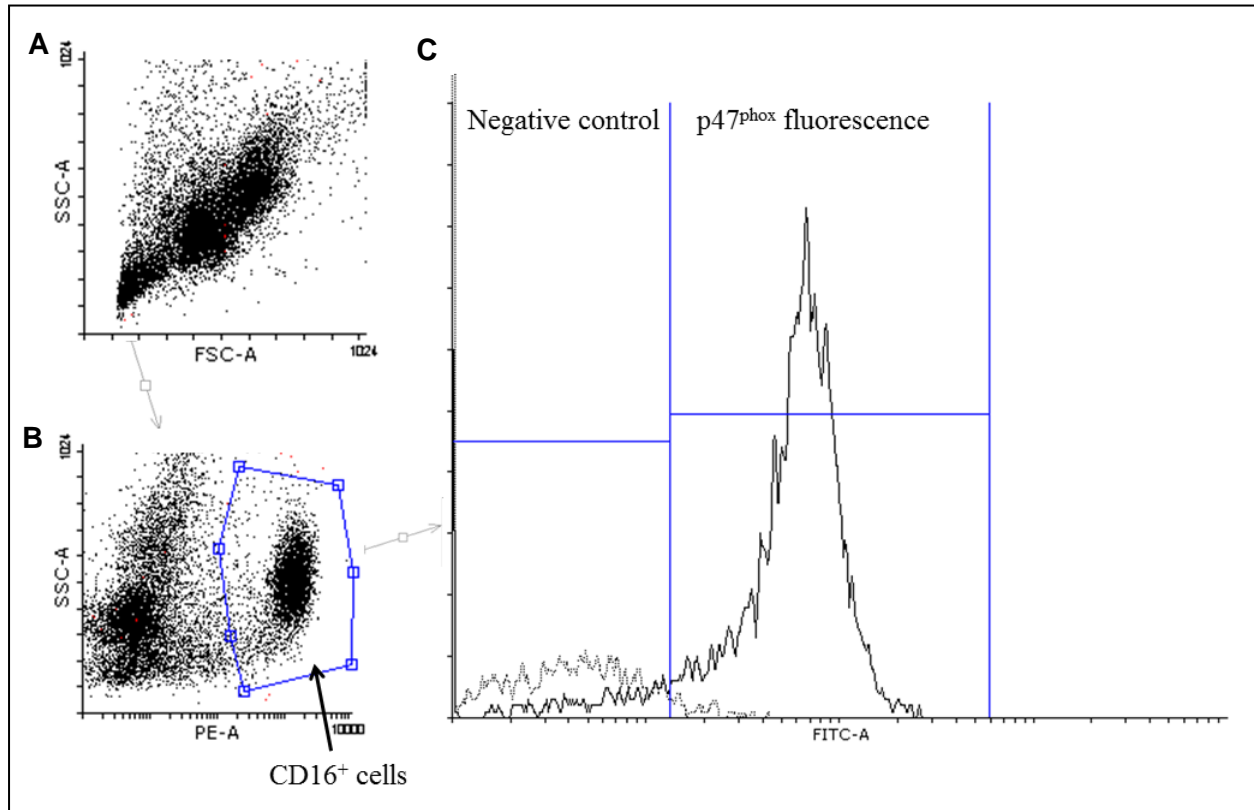

Figure S1 - (A) Cell distribution according to forward- and side-scatter-area (FSC-A and SSC-A, respectively). (B) Dot plots displaying CD16⁺ cells from anti-human CD16 conjugated with R-phycoerythrin (PE). (C) Histogram graphic showing p47^{phox} fluorescence from anti-p47^{phox} IgG1 conjugated to Fluorescein isothiocyanate (FITC) and negative control.
