

Table S1: Results of criteria hierarchies (eigenvectors) for each interviewed stakeholder

	Municipal sanitation services provider	State water agency	State Institute of Environment	Municipal Secretariat of Environment	State Secretariat of Environment	National Health Foundation	Private Companies	Academic Sector	Community
Population coverage	40%	49%	27%	9%	6%	32%	43%	41%	29%
Flow rate	28%	32%	37%	19%	18%	54%	18%	23%	33%
Energy consumption	19%	8%	23%	19%	25%	5%	28%	21%	23%
Implementation cost	13%	11%	14%	54%	51%	9%	11%	15%	15%

Table S2: The hierarchy order of the criteria evaluated by the group of stakeholders

Hierarchy Order	Criterion	Eigenvector
1°	Flow rate	31%
2°	Population coverage	30%
3°	Implementation cost	20%
4°	Energy consumption	19%
