Bathymetry and seabed substrate from the Integrated Mapping for the Sustainable Development of Ireland's Marine Resource (INFOMAR) programme
Data available from https://www.infomar.ie/maps/interactive-maps/data-viewer
Cell size for gridded multibeam data: 4 m
Sediment classification derived from backscatter using QTC

GEODETIC INFORMATION
Co-ordinate system: WGS 1984 UTM Zone 29N
Projection: Transverse Mercator
